Team member 3: S M CHAND BASHA

Team member 4: S N HEMANTH KUMAR

# Introduction

---

Tech Mahindra is a leading provider of digital transformation, consulting, and business reengineering services. With over 131,000 employees across 90 countries, we help customers navigate their digital journey with innovation and expertise.

# Our History

---

Founded in 1986, Tech Mahindra has grown to become a global leader in digital transformation. We have a strong focus on innovation and have been recognized for our work in areas such as 5G, IoT, and cloud computing.

# Our Services

---

We offer a wide range of services, including digital transformation, consulting, and business reengineering. Our expertise spans across industries such as telecommunications, healthcare, and banking.

# Our Approach

---

At Tech Mahindra, we believe in a customer-centric approach. We work closely with our clients to understand their unique needs and challenges, and develop solutions that are tailored to their specific requirements.

## Our Partnerships

---

We have strong partnerships with leading technology companies such as Microsoft, IBM, and Cisco. These partnerships allow us to offer our clients the latest technologies and solutions.

# Our Innovation

---

Innovation is at the heart of what we do. We have a dedicated research and development team that is constantly exploring new technologies and solutions to help our clients stay ahead of the curve.

# Our Global Presence

---

With over 90 locations across the globe, we have a strong presence in key markets such as the United States, Europe, and Asia-Pacific. This allows us to provide our clients with local expertise and support.

# Telecommunications

---

We have extensive experience in the telecommunications industry, helping clients navigate the challenges of digital transformation and the shift towards 5G networks.

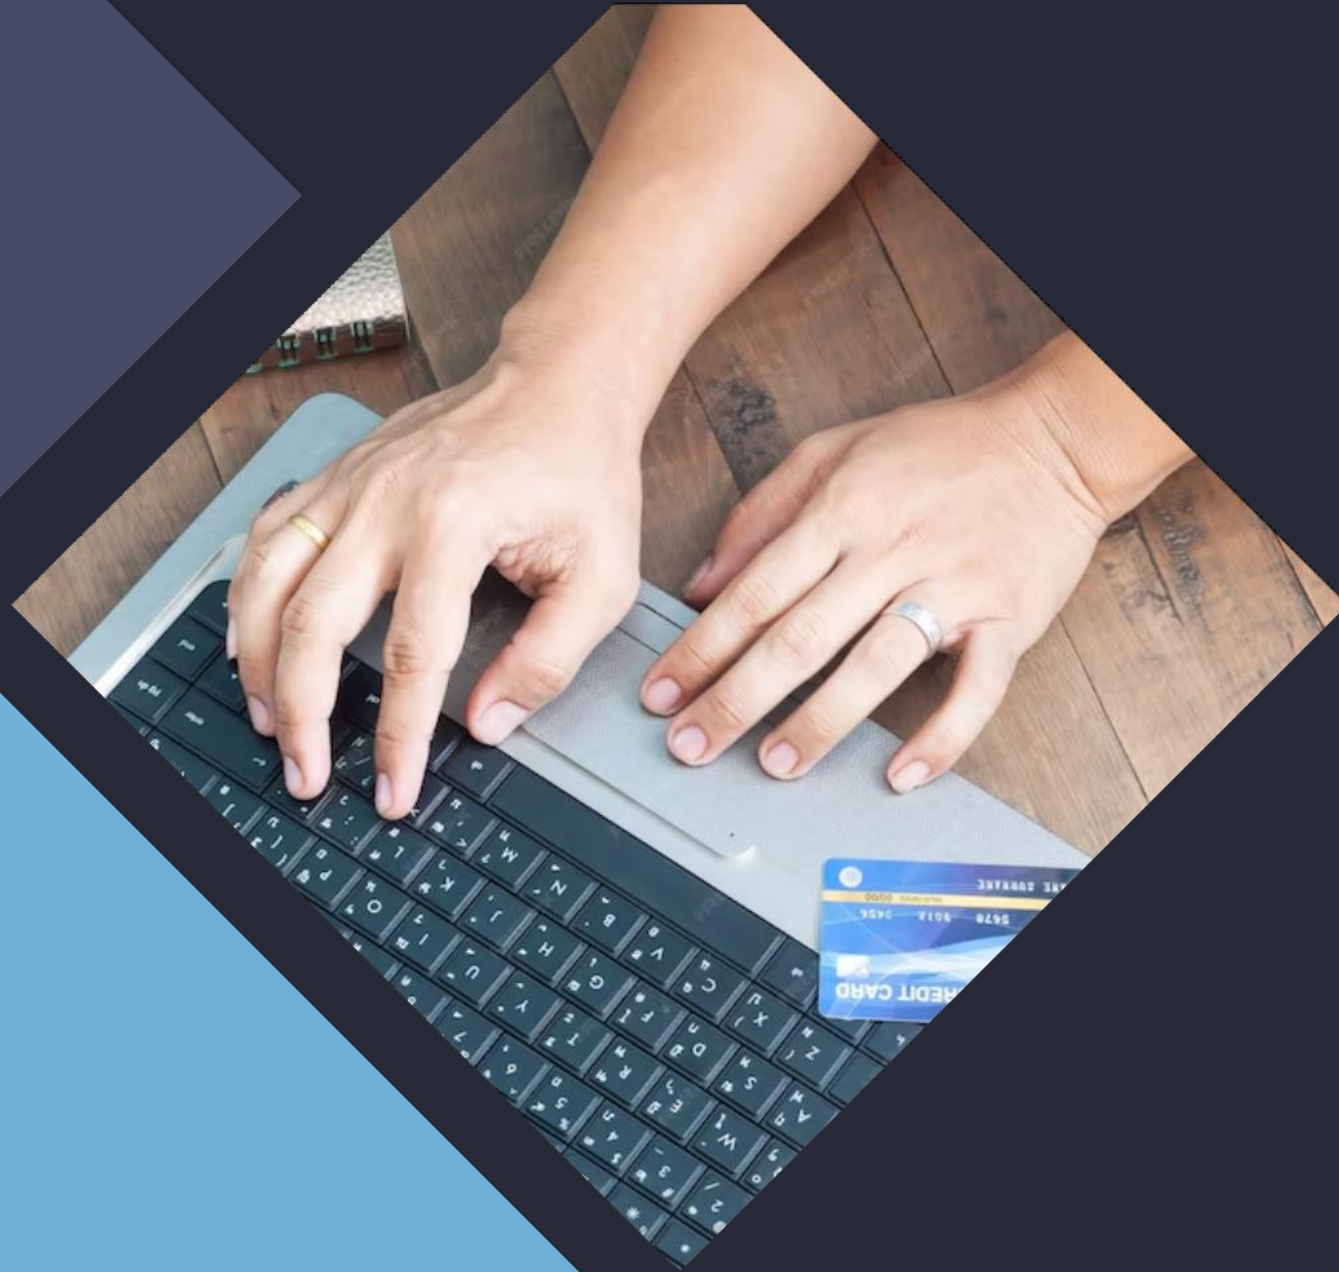

# Healthcare

---

We offer a range of solutions for the healthcare industry, including digital health platforms, telemedicine, and medical imaging.

# Banking and Financial Services

---

We have a strong track record in the banking and financial services industry, helping clients with solutions such as digital banking, risk management, and compliance.

# Manufacturing

---

We provide solutions for the manufacturing industry, including supply chain management, predictive maintenance, and smart factories.

# Retail

---

We help retailers with solutions such as digital commerce, supply chain optimization, and customer engagement.

# Energy and Utilities

---

We offer solutions for the energy and utilities industry, including smart grid management, renewable energy, and energy trading.

# Transportation and Logistics

---

We provide solutions for the transportation and logistics industry, including supply chain optimization, fleet management, and predictive maintenance.

# Cybersecurity

---

We have a dedicated cybersecurity team that provides solutions for clients across industries, including threat detection, incident response, and compliance.

# Our Awards and Recognition

---

We have been recognized for our work in areas such as innovation, sustainability, and corporate social responsibility. Some of our awards include the Forbes Digital 100 and the Dow Jones Sustainability Index.

# Our Future

---

We are committed to continuing to innovate and provide our clients with the latest technologies and solutions. We believe that by working together, we can transform industries and create a better future for all.

# CONTRIBUTION

**Neelima**
